EDUCATION

Software Engineering

Informatics Institute of Technology affiliated with University of Westminster

2023 - 2026

Java SE

University of Colombo School of Computing

2022

SKILLS

- Python
- Java
- Java FX
- Java Swing
- SQL
- HTML
- CSS
- Java Script
- React

ABOUT ME

Highly motivated and ambitious Software Engineering undergraduate passionate about programming and technology. I am eager to apply my academic knowledge and coursework experience to contribute effectively to a dynamic team because I possess a solid foundation in computer science and programming concepts. As an enthusiastic learner, I have completed various courses to expand my skill set and gain practical expertise in programming languages and software development methodologies. Seeking opportunities to gain real-world experience and further develop my abilities, I am ready to embrace challenges and grow as a professional software engineer. My dedication, adaptability, and collaboration make me a valuable asset to any software development project.

PROJECTS

- **Student Progress Level checking System**

  Implement a Progress level checking system running on console using Python in first year.

- **Queue Management System**

  Implemented a Queue management System run on both console and graphical user interface using java and Java FX.

- **Movie Streaming site**

  It is done a Movie Streaming site for Web design and Development group project using HTML, CSS and Java Script in first year.

- **Shopping cart system**

  Implemented a shopping cart System run on both console and graphical user interface using java and Java Swing.

PARTICIPATIONS

- **IEEE Extreme 17.0**

  Participated in IEEE Extreme 17.0 in 2023.

- **PrologueX**

  Participated to PrologueX mini hackathon organized by IEEE student branch in IIT in 2023.

- **Problem-Solving Hackathon 2024**

  Participated to problem solving hackathon organized by IIT in 2024.
